Vast Quantity

Thousands of journals available

Author Accessibility

Higher acceptance

Regional Research Spotlight

- Promotes local issues and innovations
- Encourages regional collaboration

Open Access

Many journals offer open access

Journals in Southeast Asia: Overview

Challenges Faced by Southeast Asian Journals

01

Limited editorial
resources

02

Problematic websites
and processes

03

Challenges in securing
reviewers

04

Attracting high-quality
submissions

05

Ill-equipped to verify
research integrity

06

Poor visibility and
indexing

Why Editage can help?

22 Years of Experience

Extensive expertise in scholarly publications

Dual Focus

Supporting both authors and journals

Publisher Neutral

Unbiased and adaptable services

Regional Understanding

Tailored support for local challenges

International Standards

Bringing global best practices

Hybrid Solutions

Combining AI with human expertise

Editage Journal Solutions: Transforming Scholarly Communication

Challenges in maintaining speed
and standards for your journal?

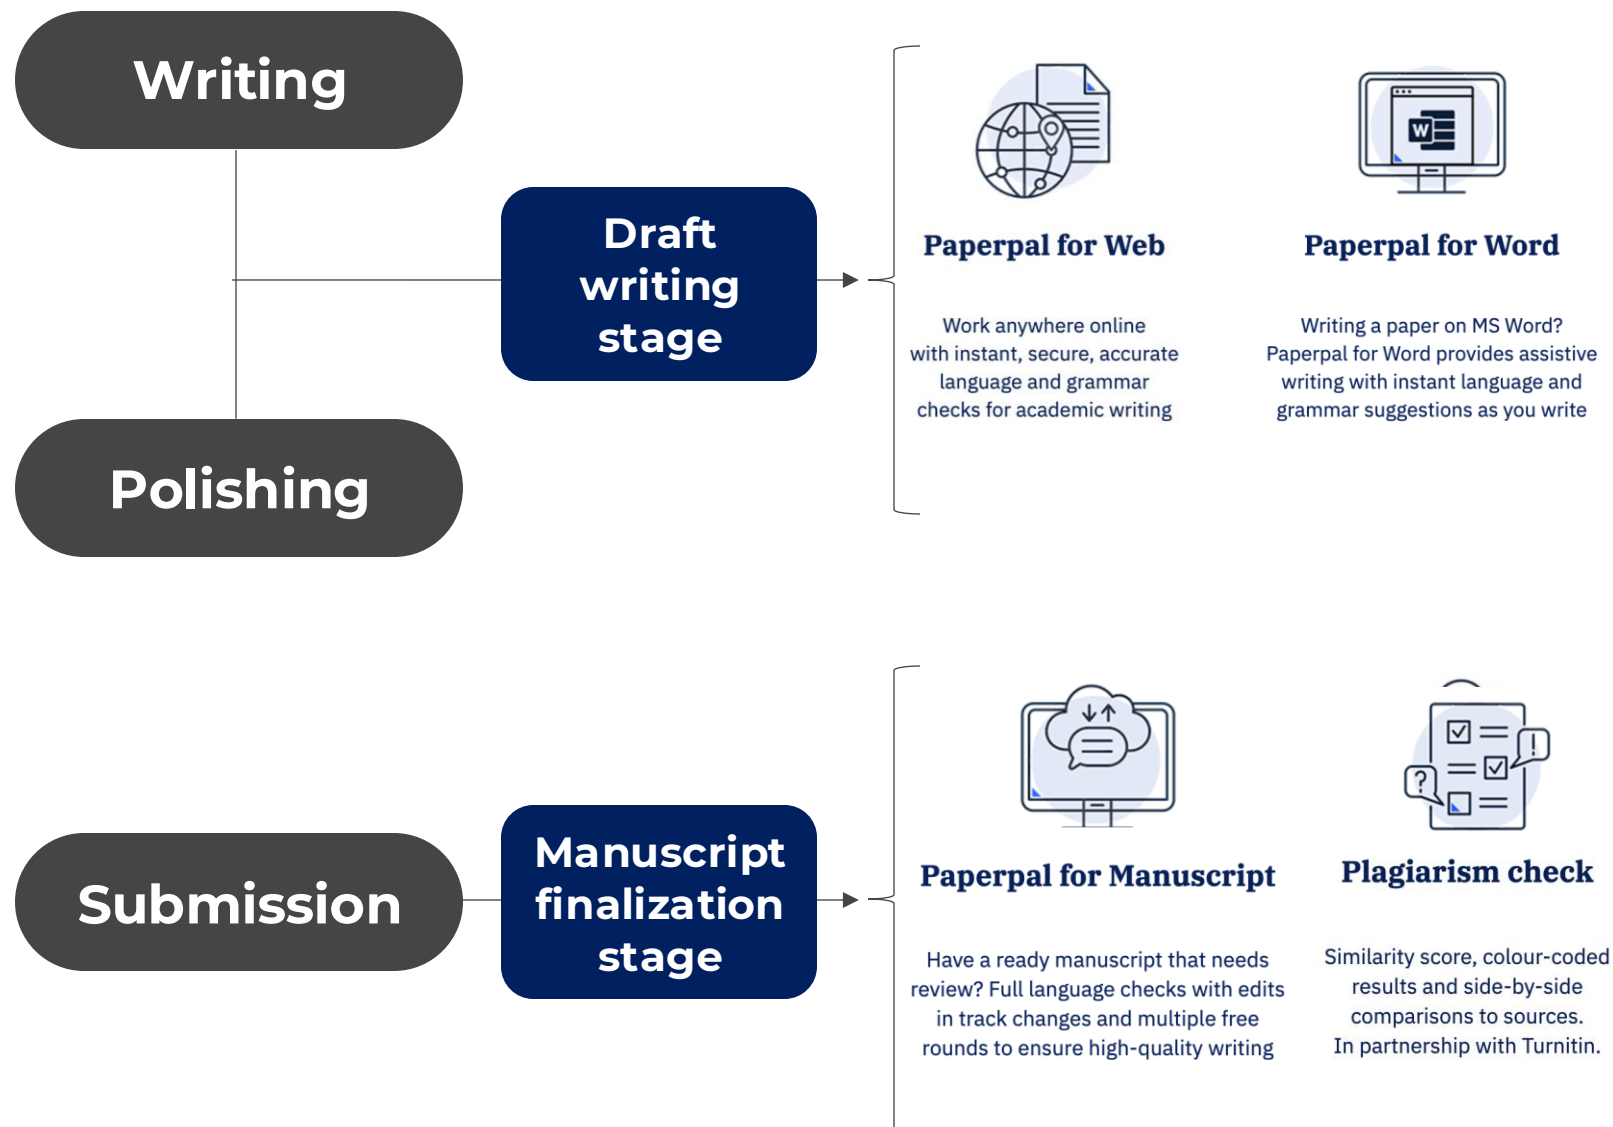

Yearning for a smoother workflow
with timely outcomes?

1. Manage

Editage Journal Solutions

Paperpal Preflight For Authors

Trusted by 20,000+
authors

Author uploads manuscript for checks via co-branded website

Preflight performs technical & language checks and provides report & edited copy

Author submits improved copy to editorial office

Result: higher quality submissions – faster processing – less work for editors – journal cost saving – happy authors!

How does it work?

Deployed for 30+ publishers, 800+ journals

IOP Publishing in collaboration with Preflight

English Past Preflight checks Namitha KP

Leave nothing to chance

Ready to submit to

IOPscience?

Find out how your manuscript stacks up against 12 technical compliance and 5 language quality checks configured for this journal.

[Run pre-submission checks FREE](#) [Skip to submission >](#)

Formats accepted

Evaluating submission readiness
Checking your manuscript against the journal's configured language and technical checks.

Language Checks

Technical Checks

AI-powered report

Encrypted and secured

ISO/IEC 27001:2013
DNV-GI certified

Preflight has assessed over 210,000 manuscripts across more than 500 journals.

Paperpal Preflight for Editorial Desk (PPE)

Research Integrity Checks

- **Papermill activity** – authorship, fabricated content, references, image duplication
- **Transparency** – relevant and complete disclosures
- **Science** – content, scope match, unethical language

Language Check + Edit

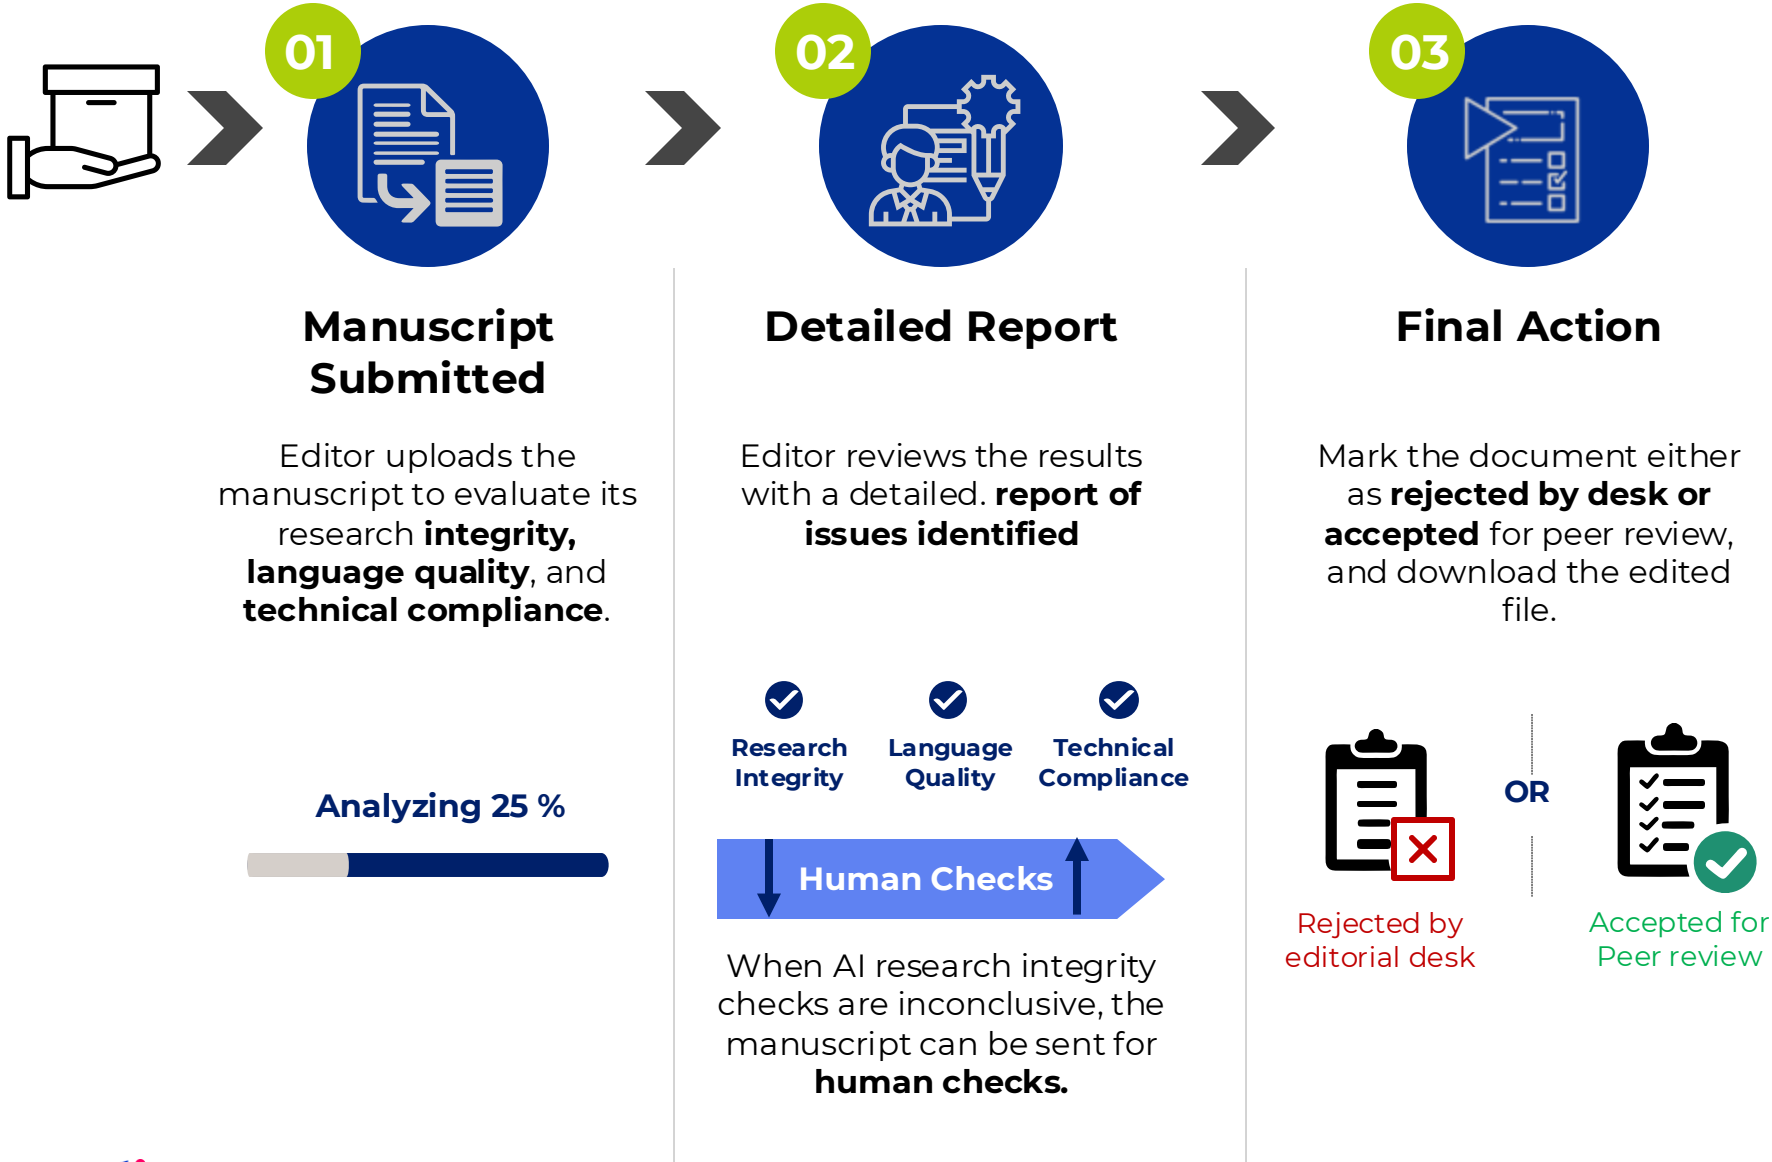

Language quality checks and **AI editing** for

- Grammar & Syntax
- Mechanics & Style
- Word choice & vocabulary

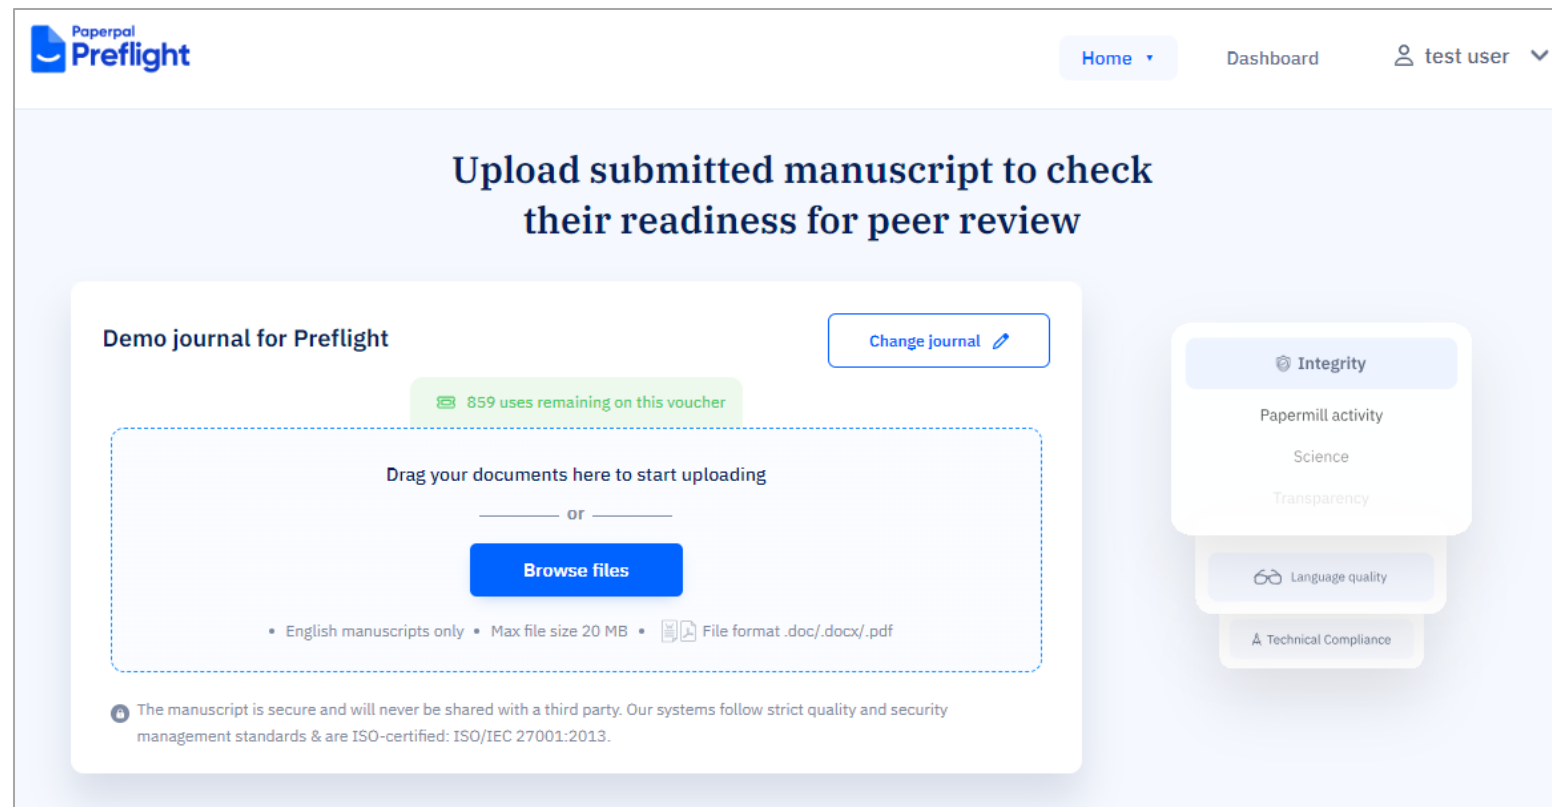

Technical Compliance

Journal **submission requirements** checks, including

- Tables & Figures
- Metadata
- Counts, limits

Spot compromised manuscripts in 3 minutes

[Demo URL](#)

- Partnered with Taylor & Francis after a detailed pilot program
- Currently piloting with **20+** publishers

Peer Review Service

Eliminate peer review bottlenecks

Rapid review, short wait

Receive in-depth comments on your manuscript in 5-7 days from in-house PhD subject matter experts.

Specific technical expertise

Be it study design or data analysis, the review contains trigger questions that compel our reviewers to look at every possible angle of your research.

Revisions on high priority

Our peer review experts list their suggested revisions in the order of importance, allowing you to focus on critical issues.

Copyediting Service

For accurate and
impactful writing

Eliminating grammatical, typographical, and consistency errors

Citation formatting per journal requirements

Adherence to the requirements of the journal/publisher or style guide

Proper use of terminology

Correct use of capitalization or italics

Consistency in presentation of data

Adjustments depending on the topic and journal readership

Advanced Editing Service

Accelerate author
success

For those who

- Have organized content
- Need only sentence-level editing
- Are confident their paper needs very few revisions before and after journal submission`

Aspects Checked in the Service

Language and grammar corrections

Consistency and accuracy of domain-specific terminology

Additional Benefits

Edit and review by 2 editors

Editing certificate to submit to your target journal

Q&A with your editor

Formatting as per journal guidelines

Additional round of editing

Plagiarism Check Report

Cover letter

Struggling to breathe new life into
your journal with quality
submissions?

Want your journal to be indexed in
prestigious databases?
