Journals in Southeast Asia: Overview

**Vast Quantity**
Thousands of journals available

**Author Accessibility**
Higher acceptance

**Regional Research Spotlight**
- Promotes local issues and innovations
- Encourages regional collaboration

**Open Access**
Many journals offer open access
Challenges Faced by Southeast Asian Journals

01. Limited editorial resources
02. Problematic websites and processes
03. Challenges in securing reviewers
04. Attracting high-quality submissions
05. Ill-equipped to verify research integrity
06. Poor visibility and indexing
Why Editage can help?

22 Years of Experience
Extensive expertise in scholarly publications

Dual Focus
Supporting both authors and journals

Publisher Neutral
Unbiased and adaptable services

Regional Understanding
Tailored support for local challenges

International Standards
Bringing global best practices

Hybrid Solutions
Combining AI with human expertise
Editage Journal Solutions: Transforming Scholarly Communication
Challenges in maintaining speed and standards for your journal?

Yearning for a smoother workflow with timely outcomes?

1. Manage

Editage Journal Solutions
Paperpal Preflight For Authors

Trusted by 20,000+ authors

- **Writing**
  - Draft writing stage
  - Paperpal for Web: Work anywhere online with instant, secure, accurate language and grammar checks for academic writing
  - Paperpal for Word: Writing a paper on MS Word? Paperpal for Word provides assistive writing with instant language and grammar suggestions as you write

- **Polishing**
  - Manuscript finalization stage
  - Paperpal for Manuscript: Have a ready manuscript that needs review? Full language checks with edits in track changes and multiple free rounds to ensure high-quality writing
  - Plagiarism check: Similarity score, colour-coded results and side-by-side comparisons to sources. In partnership with Turnitin.
How does it work?

01. Author uploads manuscript for checks via co-branded website

02. Preflight performs technical & language checks and provides report & edited copy

03. Author submits improved copy to editorial office

Result: higher quality submissions – faster processing – less work for editors – journal cost saving – happy authors!
Deployed for 30+ publishers, 800+ journals

Ready to submit to
IOPscience?
Find out how your manuscript stacks up against 12 technical compliance and 5 language-quality checks configured for this journal.

Ready to submit to
Annals of Surgery?
Find out how your manuscript stacks up against 12 technical compliance and 5 language-quality checks configured for this journal.

Ready to submit to
Wolters Kluwer Medicine?
Find out how your manuscript stacks up against 21 technical compliance and 5 language-quality checks configured for this journal.

Ready to submit to
Therapeutic Drug Monitoring?
Find out how your manuscript stacks up against 21 technical compliance and 5 language-quality checks configured for this journal.

Research
Integrity
Checks
• Papermill activity – authorship, fabricated content, references, image duplication
• Transparency – relevant and complete disclosures
• Science – content, scope match, unethical language

Language
Check + Edit
Language quality checks and AI editing for
• Grammar & Syntax
• Mechanics & Style
• Word choice & vocabulary

Technical
Compliance
Journal submission requirements checks, including
• Tables & Figures
• Metadata
• Counts, limits
**How does it work?**

1. **Manuscript Submitted**
   Editor uploads the manuscript to evaluate its research integrity, language quality, and technical compliance.

2. **Detailed Report**
   Editor reviews the results with a detailed report of issues identified.

   - **Research Integrity**
   - **Language Quality**
   - **Technical Compliance**

   **Analyzing 25%**

   **Human Checks**
   When AI research integrity checks are inconclusive, the manuscript can be sent for human checks.

3. **Final Action**
   Mark the document either as **rejected by desk** or **accepted** for peer review, and download the edited file.

   **OR**
   - **Rejected by editorial desk**
   - **Accepted for Peer review**
Spot compromised manuscripts in 3 minutes

- Partnered with Taylor & Francis after a detailed pilot program
- Currently piloting with 20+ publishers
Peer Review Service

Eliminate peer review bottlenecks

01 Rapid review, short wait
Receive in-depth comments on your manuscript in 5-7 days from in-house PhD subject matter experts.

02 Specific technical expertise
Be it study design or data analysis, the review contains trigger questions that compel our reviewers to look at every possible angle of your research.

03 Revisions on high priority
Our peer review experts list their suggested revisions in the order of importance, allowing you to focus on critical issues.
